LRB Number 15-1958/1	Introduction Number	SB-692	Estimate Type	Original			
Description							
Ambulatory surgical center assessment reporting							

#### Assumptions Used in Arriving at Fiscal Estimate

Under current law, the Department of Revenue (DOR) is authorized to impose the assessment on ambulatory surgical centers (ASC) that are certified by the federal Centers for Medicare and Medicaid Services to participate in the Medicare program. DOR must transfer 99.5 percent of the moneys collected to the medical assistance trust fund, which pays some of the costs for the Medical Assistance program.

This bill requires the Department of Health Services to submit a report on the ASC assessment to the Joint Committee on Finance annually, based on the preceding fiscal year, with certain information as described in the bill. The bill also authorizes DOR to collect information regarding the medical specialty of each ASC.

DOR anticipates minimal administrative costs to revise the electronic reporting system making it possible to collect medical specialty information.

#### Long-Range Fiscal Implications
